Top Skills

Prompt Engineering

Multi-agent Systems

Model Context Protocol (MCP)

Praneet Dhoolia

BE (Hons) @ UQ | Hardware Enthusiast
St Lucia, Queensland, Australia

Experience

The University of Queensland

Tutor

July 2026 - Present (2 months)

St Lucia, QLD

Tutor for COMP3710 - Pattern Recognition and Analysis (Python, PyTorch, TensorFlow)

Gödel

Founder and CTO

April 2025 - December 2025 (9 months)

<https://godel.sh>

- Enabled the creation of langgraph-based Gödel agents (<https://arxiv.org/abs/2410.04444>).

- Enabled Gödel agents in the platform to use any and all software-based tools via Model Context Protocol (MCP).

- Led the full-stack development of a working prototype from scratch to pilots via org-based usage, clearing A\$100K ARR.

AGAILE Inc.

AI Engineering Intern

January 2025 - March 2025 (3 months)

Delaware, United States

Prototyped an AI solution using LangGraph for QA

- Used Apify to crawl website data and index it into Milvus DB hosted on Docker.

- Used LangGraph to answer questions using Retrieval Augmented Generation (RAG).

Segment X

AI Solutions Intern

July 2024 - December 2024 (6 months)

St Lucia, Queensland, Australia

The University of Queensland

Tutor

July 2023 - December 2023 (6 months)

St Lucia, QLD

Tutored CSSE2002 - Programming in the Large (Java)

Education

The University of Queensland

Bachelor of Engineering (Honours), Software Engineering · (February 2022 - June 2026)
